International Factoring Association Adds Preferred Vendor Program Member

Avila Beach, CA– October 1, 2016 –The International Factoring Association ("IFA") today announced that Greenberg, Grant & Richards, Inc. ("GGR") has joined its vendor program as a preferred vendor. GGR will join over 23 vendors who are currently offering exclusive discounts or preferred services to IFA members. Companies admitted as preferred vendors undergo a rigorous screening process and must satisfy IFA's stringent qualifications, which include demonstrated industry knowledge, expertise and commitment. IFA monitors the preferred vendors to ensure that their members receive the highest quality products and services.

Since 1993, GGR has served over 10,000 clients in various industries worldwide. In each of the past two years alone, they've also collected $100 million for their clients. Because of their proven track record and ability to collect quickly and efficiently, they've worked with many Fortune 1000 companies over the years. Their expertise, client service and collection results makes them a perfect fit for your company in the management of delinquent accounts receivables. GGR will monitor each IFA member to its fullest to create a successful collection program to fit each member's needs.

"We are very pleased to welcome GGR to our vendor program," said Bert Goldberg, Executive Director of the International Factoring Association. "Our Preferred vendors provide critical goods and services at savings offered exclusively to IFA members."

The IFA's goal is to assist banks and finance companies engaged in factoring and receivable financing by providing information, training and purchasing power, and by serving as a resource for the community.

About the International Factoring Association

Headquartered in Avila Beach, California and with over 425 corporate members, the International Factoring Association is the largest association of commercial finance companies in the world. Members include factoring companies, asset based lenders and other receivables finance companies. Since 1999, the International Factoring Association has provided a forum for member organizations to meet and discuss issues and concerns, share best practices, disseminate information and promote a single voice to the marketplace. The principal spokesperson for the factoring and receivables finance industry is the International Factoring Association's Bert Goldberg. For more information visit www.factoring.org.
