International Factoring Association Expands Preferred Vendor Program

Pismo Beach, CA– March 15, 2013– The International Factoring Association ("IFA") today announced that two companies have joined its vendor program as preferred vendors. These companies will join over 21 vendors who are currently offering exclusive discounts or preferred services to IFA members.

New preferred vendors include:

RMP Trade Credit, LLC. RMP Trade Credit is a source of small ticket Purchase Order financing throughout the United States and Canada. They provide working capital solutions from $5,000 to $2,000,000 per month and larger transactions with participation. Their staff has over 100 years of manufacturing, importing and exporting experience to help their clients achieve their business goals.

Dun and Bradstreet Inc. Dun & Bradstreet (D&B) is the world's leading source of commercial information and insight on businesses, enabling companies to Decide with Confidence® for 171 years. D&B has the largest global database of commercial businesses, with information on more than 220 million businesses, updated daily. This information ranges from detailed financial information and predictive scores to corporate family relationships and business firm graphics.

"We are very pleased to welcome the new vendors to our preferred vendor program", said Bert Goldberg, Executive Director of the International Factoring Association. "The savings benefit provided by the vendors reflects our commitment to provide greater purchasing power for our members".

The IFA's goal is to assist banks and finance companies engaged in factoring and receivable financing by providing information, training, purchasing power and serving as a resource for the community. Companies admitted as preferred vendors undergo a rigorous screening process and must satisfy IFA's stringent qualifications, which include demonstrated industry knowledge, expertise and commitment. IFA monitors the preferred vendors to ensure that its members receive the highest possible quality of products and services.
